

Our Clinic's

Philosophy

The doctors and staff of Oakwood Hills Animal Hospital are dedicated to providing prompt, knowledgeable and humane treatment to all animals in our care. Equally important, we are committed to providing accurate, efficient and compassionate service to our clients. We strive to provide the best care, expertise, medicine, and technology possible to help your companion with whatever his or her needs are.

Oakwood Hills Animal Hospital is proud to be the only veterinary hospital in the Chippewa Valley to be accredited by the American Animal Hospital Association (AAHA). To be accredited, we have voluntarily undergone inspection by AAHA to ensure that we comply with the association's high standards of care. These standards cover nearly every aspect of our hospital, including exam facilities, pet health records, nursing care, pharmacy, laboratory, diagnostic imaging, anesthesiology, surgery, dentistry, and emergency services. Only 14% of animal hospitals in North America are accredited by AAHA.

We welcome you to our hospital. We appreciate the trust and confidence you have shown in our hospital by selecting us to care for your pets. We promise to treat your companions as if they were our very own.
